HIGHWAY SAFETY  
COMMISSION                                Supervisor Ron Krise said they have been busy tar and chipping dirt roads. Ron said since the roads were not rolled the chipping probably would not stay. Bill Graham said they would stay. Ron Krise said they used more stone by doing the tar and chipping themselves instead of having it contracted out. Ron Krise said Bigler Boyz rolled McDowell Road with their truck since the road crew did not roll to compact it. Cindy Reed needs work completed. Bill said they were down to check it. Guiderails need cleaned out from under them. Weather has had an effect on work being done. Ron Krise said he has asked for the supervisors to make a plan but that has not happened. Bill said bad things are being said about him and it is coming from one particular area. Marvin Shirey asked who it was coming from and Bill did not know. Mike Maines said tar and chipping was done in one day and with only three people working and one mowing is why work is not getting done. He said he worked for the township before.

EMERGENCY MANAGEMENT  
COORDINATOR                              Dick Heberling, Emergency Management Coordinator, did not submit a report for the month of September.

- ART KEPHART                         Art asked how the map the residents asked for approval on was wrong when the map the commissioners agreed upon at one of the commissioner meeting was correct? Marvin Shirey said he didn't know why so much time was being wasted on the voter issue when things were probably not going to change.
