

BRADFORD TOWNSHIP BOARD OF SUPERVISORS REGULAR MEETING
September 6, 2022

They have started the Doc Welker Road Project as well and are working on getting completed before the September paving date. There has been a lot of equipment going down. Trees are needing trimmed yet. Potholes are being filled. Hoopup Road still needs seeded and mulched to complete phase I. Mowing is a month behind with all the grants. Denny said there are only three guys working on the roads and they are doing as much as they can. PA American is working on Burketts Road and they will be paving it as well.

**EMERGENCY MANAGEMENT
COORDINATOR**

Justin Millinder, Emergency Management Coordinator, did not submit a report for the month of August.

CITIZENS INPUT

JIM ENGLISH

Jim asked if the guys would look at the pipe he has asked about before. They said they would.

ED MOWERY

Ed asked about the humps on Doc Welker Road and if they were going to be there after the road was paved. The guys said they were aware of the humps and they are there because of the equipment issues and will be resolved before paving. He also asked about the No Turn Around sign on Grahampton. It was discussed on why the sign was there.

ED MILLINDER/BILL LITTLE

Ed and Bill asked about cable in Bradford Township and if the supervisors were able to do anything with getting the cable to the residents. The Supervisors told them the township had nothing to do with the cable.

WALT RENAUD

Walt said the bus was tearing up the gravel on Grahampton Road. The Supervisors said they can't stop the bus from turning around. They will look at the issue. It was asked about the No Outlet sign and maybe seeing if a Watch Children sign could be place on the road as well. The No Turn Around Sign was put up because a resident on the road had one of their dogs hit and killed because someone came down into their drive to turn around. The Supervisors said they would see what could be done. It was up to PennDOT.

KATE ROBERTS

Kate said she came because she was going to complain about the pot holes but they had already been fixed.
